Director(s): Alain Dayan
Year: 2013 - 2014
Versions: English / French
Nationality: France
Available rights: Worldwide
Available: 09/30/2013

Cruises today may have lost the titanic prestige they once possessed - due to mass tourism and faster modes of transport - yet they do retain some of the glamor of their predecessors: captain's table, gala evenings, glittering casinos...

In this dawn of the 21st century, shipbuilders have turned back the clock to capture the splendor of yesterday's cruise ships, launching luxurious liners that can be seen gliding gracefully across the ocean blue.
